BOPAE Drop-off Location:

417 Century Ct
Franklin, TN 37064

Hours: 6:30 am – 2:00 pm, Monday -Friday

8:00 am to 12:00 pm, 1st Saturday of the Month

BOPAE Drop-off Location

- **Notice:** DO NOT drop off BOPAE items at the main gate or BOPAE gate after hours. This is illegal dumping. (City Ordinance FMC 17-104, Punishable by Fine)

Reminders:

- If going to BOPAE, **Do Not Go Over Scales**. The transfer station entrance is for refuse.
- The City of Franklin Sanitation and Environmental Services Department provides a free service to Williamson County residents.
- **Alkaline Batteries** no longer contain mercury. These can be disposed of in your household garbage.
- **Electronics** placed at curbside will be collected with your regular trash and **WILL NOT** be recycled.
- **Liquids** brought to BOPAE drop-off site must be in original labeled containers. If liquids are in containers that are no longer have a label, please use the annual household hazardous waste drop-off event coordinated by the Williamson County Solid Waste Department.

Responsible Paint Disposal

LATEX PAINT IS NOT HAZARDOUS.

Don't put cans with liquid latex paint or ANY oil paint in the garbage can.

Empty or dried up latex paint cans with the lids off can go into your garbage cart because Latex Paint is NOT Hazardous.

How to dry out latex paint for home disposal:

IF there's an inch or less of paint in the can, remove lid and let paint dry out. If there's more than an inch of paint left, mix paint with equal amount of cat litter, stir and let dry before placing in garbage cart.

OIL PAINT is HAZARDOUS and can be safely disposed of at the BOPAE drop-off location:

417 Century Court

Franklin, TN 37064

Hours: 6:30 a.m. - 2:00 p.m., Monday - Friday

8 a.m. - 12 Noon, 1st Saturday of the Month

Call (615) 794-1516 for details.

OIL-BASED PAINT IS HAZARDOUS WASTE

Completely empty oil-based paint cans with the lids off can go into your garbage cart!

But...

Partially full or full cans of oil-based paint must be taken to a household hazardous collection site for proper disposal.

Do not put cans containing oil-based paint out in your cart for pick up.

- Unlike latex paint, oil-based paint should not be dried out or solidified. **Oil-based paint is flammable whether wet or dry.**
- Never put flammable products, such as oil-based paint or thinner, down any drain or into the garbage.
