

## All Electrical Services Underground

### Building and Neighborhood Services

109 3<sup>rd</sup> Avenue South

Franklin, TN 37064

615-794-7012 OFFICE 615-591-9066 FAX

## NOTICE TO ELECTRICAL CONTRACTORS

**Overhead electrical service is not allowed** to be constructed in the City of Franklin. This is not a new requirement. It has been a requirement of the Zoning Ordinance since 2002.

Recently, more electrical contractors have started installing these in both residential and commercial situations. They have had to tear them out and install underground from the nearest transformer.

If you have a set of plans that details an overhead service, it is an oversight and you will have to tear out the service and start over.

Contact Allen Lewis, Building Official, or Chris Bridgewater, Senior Electrical Inspector for information on special situations.

## ALL ELECTRICAL SERVICES MUST BE UNDERGROUND COMMERCIAL AND RESIDENTIAL
