Today we have a message from **Jason Potts, Assistant IT Director** regarding **security awareness training**.

In an effort to help minimize our vulnerabilities to the internet we are always looking for ways to increase security of our computer network and operations. How we operate provides a secure, reliable system to communicate internally and externally with the most valuable part being our staff. So we are working this coming year to provide security awareness training to each staff member that has a valid email address with the City of Franklin. This training will start with simulated emails sent randomly that appear to be valid but are not quite right with something that should trigger us to either delete or notify our Information Technology team. The results of these simulated email test will be reviewed and a follow-up from our own Information Technology group will take place if specific training would be beneficial. The results will not be shared with supervisors or leadership at this time and only reviewed by our Information Technology group if training is needed. We value our staff and look to provide an increase of knowledge by using this type of technology training tool.

Congratulations to long time City team member Kelly Dannenfelser who has been selected as Assistant Director of Planning and Sustainability. Kelly has worked for Franklin for 16 years on long range planning and special projects, including the ongoing update of the Franklin Zoning Ordinance, Envision Franklin, Community Revitalization Plan, various ordinance amendments, planning studies, and worked with various neighborhood groups and task forces. She is a Governor's Appointee on the Regional Transportation Authority Board and has served on the Board of Directors for both Franklin Tomorrow and the TMA Group, as well as the Technical Coordinating Committee for the Nashville Area Metropolitan Planning Organization. She is a Leadership Franklin and a Franklin Citizens Police Academy Alumna. Prior to her work in Franklin, she was a planner for the City of Dublin, Ohio. Kelly is an AICP-certified planner and received her Bachelor of Science in Environmental Science from Georgetown College, KY, graduating Magna Cum Laude while playing collegiate basketball. She received her Master's Degree in an Interdisciplinary Environmental Studies program from the College of Charleston.

The **Franklin Fire Department** held their second annual pet photo contest to raise awareness about **CPR Training**. The contest was run on the **City's Facebook page** and **53 residents entered photos** of their dogs begging for a treat. Special thanks to **Jamie Melton** and our **Communications team** for organizing this effort. **Fire Chief Rocky Garzarek** and **Assistant Fire Marshall Curt Edelmann** awarded the prize packages sponsored by **Mars Petcare** at the last BOMA meeting. See photos below!

**If I learn CPR,
will I get
a treat?**

Yes, and you
might save a life!

Welcome to the following new City team members:

Megan Kelley- Parks Facility Worker.

Megan is from Columbia, Tennessee. She is the mom to two sweet kids and a boxer. In her spare time, Megan enjoys playing outside with her kids and cheering on her favorite team, the VOLS! GBO!!

Brad Fly-Sanitation and Environmental Services Equipment Operator

Brad is a returning employee to the City of Franklin. Brad is from Williamson county and has two kids, four horses and two dogs. In his spare time he enjoys riding horses and watching football especially Alabama.

Have a great weekend. Thanks for *all* you do!

ERIC STUCKEY
CITY ADMINISTRATOR
