## **Williamson Medical Center and the Bone and Joint Institute to Host Blood Assurance Mobile Blood Drive to Meet Critical Community Need**

**FRANKLIN, Tenn.**— Blood Assurance, the sole provider of blood products for Williamson Medical Center, is hosting a mobile blood drive March 23 and 24 from noon to 5 p.m. in the parking lot of the Bone and Joint Institute of Tennessee, located at 3000 Edward Curd Lane in Franklin.

“The health and wellbeing of our community remains our top priority and we are seeing a dire need for blood donations,” said Julie Miller, Chief Operating Officer at Williamson Medical Center. “We’re asking all healthy individuals to donate blood to support Williamson Medical Center and the community as a whole. One generous donor can save three lives.”

Blood banks are at risk of dropping to critical supply levels without continued donations. Due to the COVID-19 outbreak, Blood Assurance has implemented [expanded screening measures](#), which include checking for fever and limiting the number of staff and donors in the vehicle at one time.

Donors are encouraged to sign up via the Blood Assurance website, though walk-ins are welcome.

To schedule your donation for Monday, March 23, visit: [www.BloodAssurance.org/BoneandJoint](http://www.BloodAssurance.org/BoneandJoint)

To schedule your donation for Tuesday, March 24, visit: [www.BloodAssurance.org/Williamson](http://www.BloodAssurance.org/Williamson)

### **ABOUT WILLIAMSON MEDICAL CENTER**

Williamson Medical Center offers comprehensive inpatient and outpatient services, 24-hour emergency care, preventive health screenings and wellness activities. Services offered by Williamson Medical Center are developed to provide the most cost-effective, convenient and accessible healthcare possible. More than 750 providers represent over 70 medical specialties and sub-specialties. The caliber of physicians and care at Williamson Medical Center continues to advance the way healthcare is delivered to our region with compassion and convenience unique to WMC. Our campus also houses [Monroe Carell Jr. Children’s Hospital Vanderbilt at Williamson Medical Center](#), which provides pediatric emergent and inpatient care, and the [Bone and Joint Institute of Tennessee](#) – the region’s premiere destination for orthopaedic excellence. In addition, WMC’s [Williamson Medical Group](#) includes over 35 providers offering everything from primary care to surgery to pulmonary and sleep medicine. For more information, visit [www.WilliamsonMedicalCenter.org](http://www.WilliamsonMedicalCenter.org).
